

PRESS RELEASE

Nextbike Cyprus joins the ERTICO Partnership

ERTICO is pleased to announce that [nextbike Cyprus](#) has joined its Partnership.

Nextbike Cyprus is a micromobility provider and the licensed operator of the Public Bike Sharing system in Cyprus. With more than 2000 bicycles distributed in all the cities in Cyprus, nextbike Cy Ltd actively contributes to the green transition and sustainable urban mobility. The company started its operations in 2012, with continue collaboration with local municipalities, organizations and stakeholders, they aim to transform Cyprus into a greener, healthier and more human friendly place.

“The streets are yours! That belief drives everything we do at nextbike Cyprus. Joining the ERTICO Partnership allows us to bring this vision into a wider European effort for smarter, cleaner, and more people-centred mobility. By working together with forward-thinking partners across the ITS ecosystem, we can help reshape urban spaces into places designed for people where innovation, sustainability, and collaboration turn everyday journeys into part of a larger green transition,” says Neofytos Ioannou, Managing Director at nextbike Cyprus.

The ERTICO Partnership bridges the gaps between stakeholders across the ITS community to help make mobility safer, more efficient and sustainable. Together, we lead the digital transformation of transport through the development of cutting-edge technologies, new services and innovative mobility solutions to move people and goods in smarter ways. Our Partners share the joint mission to actively promote sustainable collaborative relations with EU institutions and policymakers by connecting local and regional transport organisations with national authorities.

Nextbike Cyprus joined ERTICO because of its unique role in bringing together key public and private stakeholders and driving the transformation of sustainable urban mobility across Europe. As a platform for collaboration, innovation, and policy dialogue, ERTICO creates the right environment to connect cities, industry, and EU institutions around a shared mobility vision. Nextbike Cyprus is proud to become part of this dynamic community and looks forward to actively contributing to Europe's green and digital transition, particularly through participation in EU-funded projects coordinated by ERTICO, where practical solutions can be scaled and real impact delivered.

Joost Vantomme, CEO of ERTICO – ITS Europe, commented: *“We are delighted to welcome nextbike Cyprus to the ERTICO Partnership. Micromobility plays a crucial role in shaping cleaner, more liveable cities, and nextbike Cyprus brings valuable on-the-ground experience in deploying and operating sustainable solutions at scale. By joining our network, they strengthen our shared ambition to accelerate the green and digital transformation of mobility in Europe. Together, we can foster stronger collaboration between cities, industry and policymakers, ensuring that innovative solutions translate into real impact for citizens.”*

Joining the ERTICO Partnership is an important way to connect the dots between different sectors across our complex ecosystem. The Partnership enables close collaboration between stakeholders by coordinating the planning and deployment of intelligent transport systems and smart mobility solutions in Europe and beyond.
