ANAPTYXIAKOS ORGANISMOS KIFISIAS (Development Organisation of Municipality of Kifissia) joins the ERTICO Partnership

ERTICO – ITS Europe is pleased to announce that ANAPTYXIAKOS ORGANISMOS KIFISIAS - KIFISSIA LOCAL DEVELOPMENT SINGLE MEMBER S.A. (Development Organisation of Municipality of Kifissia) has joined its Partnership.

[Development Organisation of Municipality of Kifissia](#) serves as the municipality’s technical and strategic advisory body, supporting the planning and implementation of public works, urban development, and sustainability projects. It simplifies project execution processes in alignment with the city’s operational and strategic plans, while offering specialised expertise and fostering outward-looking collaboration. Through its role, it enhances efficiency, attracts funding opportunities, and helps deliver high-quality projects that improve residents’ quality of life.

Development Organisation of Municipality of Kifissia is joining ERTICO to actively contribute to the advancement of smart, sustainable, and innovative mobility solutions across Europe. As a technical and strategic organisation, they see strong alignment between their mission and ERTICO’s role in fostering collaboration, knowledge exchange, and the deployment of Intelligent Transport Systems.

“We are particularly looking forward to engaging with a diverse network of partners, sharing expertise, and participating in pioneering projects that shape the future of urban mobility. Through this collaboration, we aim to enhance our technical capabilities, promote innovative practices, and support the implementation of impactful, forward-looking mobility solutions at the municipal level, while also increasing the international visibility of our municipality,” commented **Amalia Vrachnou, Chair of the Board at Development Organisation of Municipality of Kifissia.**

The ERTICO Partnership bridges the gaps between stakeholders across the ITS community to help make mobility safer, more efficient and sustainable. Together, we lead the digital transformation of transport through the development of cutting-edge technologies, new services and innovative mobility solutions to move people and goods in smarter ways. Our Partners share the joint mission to actively promote sustainable collaborative relations with EU institutions and policymakers by connecting local and regional transport organisations with national authorities.

Joost Vantomme, CEO of ERTICO summarised: *“We are very pleased to welcome the Development Organisation of the Municipality of Kifissia to the ERTICO Partnership. Local and regional actors play a crucial role in turning mobility innovation into real-world impact. By joining our network, Kifissia brings valuable expertise in urban development and project implementation, strengthening our collective ability to deploy smart, sustainable mobility solutions across Europe and connect local ambitions with European innovation.”*

Joining the ERTICO Partnership is an important way to connect the dots between different sectors across our complex ecosystem. The Partnership enables close collaboration between stakeholders by coordinating the planning and deployment of intelligent transport systems and smart mobility solutions in Europe and beyond.
